

Lease Quote Calculator powered by:

Statistics indicate 8 out of 10 businesses in this country lease some or all of the equipment utilized in their business.

Why is that? Leasing offers many advantages over traditional financing options:

- Leasing is often cited as a preferred financing mechanism due to its potential tax advantages over other forms of financing
- Leasing is easier and less restrictive than traditional loans
- Leasing preserves existing bank lines of credit for working capital, inventory financing or other revolving credit needs

Equipment leasing and financing programs are offered by Baytree National Bank & Trust Company's equipment leasing and financing group. Baytree is an established, nationwide direct lender (not a broker!) specializing in equipment lease and financing transactions ranging from \$2,500 to \$250,000 for businesses nationwide. By building strong business relationships, Baytree offers companies funding for all their telecom and other equipment financing needs. Financing is available through a variety of programs each of which is designed to help you conserve working capital and improve cash flow. Offering a quick application process, 100% financing and flexible terms, Baytree delivers the financing solutions businesses need to succeed.
